

## Expectation Questionnaire

- 1) Have you ever participated in an Erasmus Project?
- 2) If yes, did you like it?
- 3) If yes, what do you think are the main advantages of an Erasmus Project?  
(you may choose up to 3):
  - Improving one's communication skills
  - Meeting other people
  - Discussing themes about society and other related aspects
  - Getting the chance to know other cultures
  - Improving English language
  - Getting the chance to work in collaboration with others
- 4) What are your personal expectations towards an Erasmus Project? (you may choose up to 3):
  - Improving my communication skills
  - Meet other people
  - Discuss themes about society and other related aspects
  - Get the chance to know other cultures
  - Improve my English language
  - Get the chance to work in collaboration with others
  - Work in a creative way
  - Have fun
- 5) The name of this Project is "Cultural and Social Integration (Re) Action". Within this Project we will deal with social issues. Write three words that you consider will come up when dealing with those issues:
- 6) Have you ever heard or worked using the Design Thinking Methodology?
- 7) What is your main expectation towards this Project? What would you like to do within the Project?
